COFFEE COCKTAILS

We have a deep love of coffee. We want to translate this adoration of caffeine into the cocktails we make with it, so the natural progression was to roast our own on a weekly basis. For Espresso, we currently use a blend of Colombian, Brazilian, and Ethiopian beans. For Filter Coffee – used in our Irish Coffee – we use beans grown at high altitude from the Montecillos co-operative in Honduras, processed using the 'honey' method. We hope you enjoy our love and attention to this aspect of our beverage selection as much as we do!
